EPRA in cooperation with Real Capital Analytics (RCA) is providing a monthly service to EPRA members - an overview of all property transactions of the FTSE EPRA/NAREIT Developed Global Real Estate Index Series constituent companies covered by RCA.

This collaboration allows monitoring and analyses of underlying transaction activity within these indices, providing more in-depth knowledge about the index and its fundamentals.

The data has been collected and provided by RCA. Please refer to www.rcanalytics.com for more information regarding their methodology and sources. The data is believed to be accurate but not guaranteed and is subject to future revision.

Feedback is welcome, as we hope to continually improve and extend this publication. This is an EPRA member-only report.

EPRA Research

Derwent London has exchanged contracts to acquire Aldgate Union, from the Royal Bank of Scotland Plc for GBP 132.0 million before costs. The building, an eight-storey office building totalling 255,000 sq ft, will be acquired at a price that reflects a capital value of GBP 518 per sqft.

NOTE:

Boxed values are multiple asset transactions.

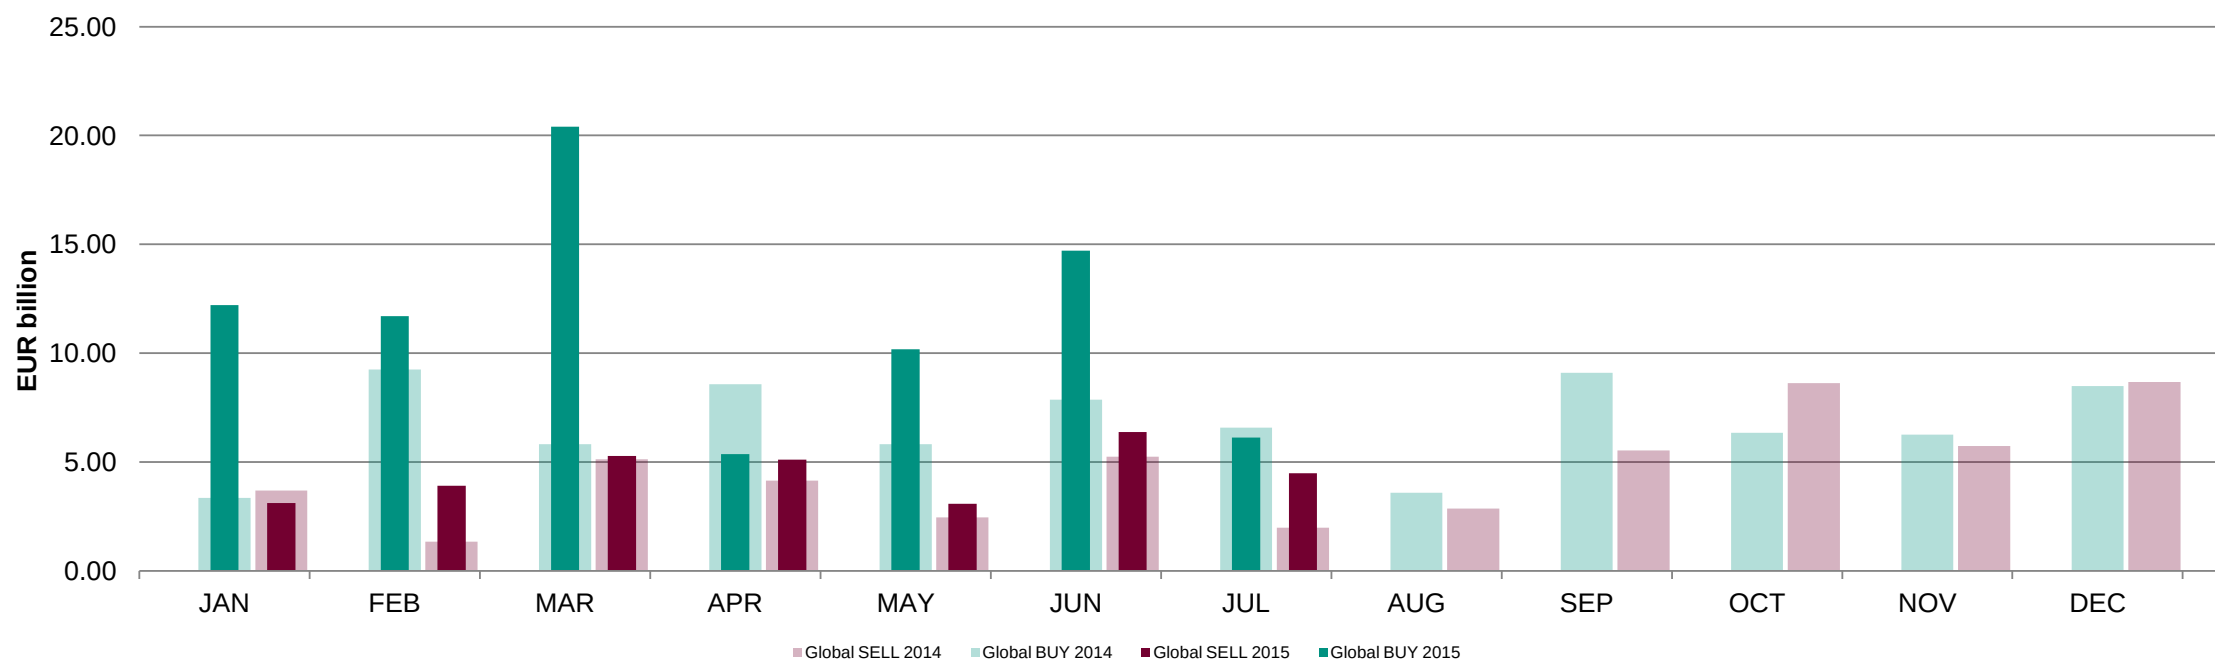

Transactions in which the constituent had a partial interest (indicated by the 'share' column) display the grossed-up values, i.e. 100%.

The 'sqm / units' column displays, when available, the number of units transacted per deal for apartments and hotels, and the square meters for all other main asset classes. (exceptions will be marked)
